a) Presentation of the financial statements

The financial statements are prepared in accordance with generally accepted accounting principles and with the legal reporting requirements applicable in Luxembourg relating to UCIs.

b) Combined financial statements for the Fund

The combined financial statements of the Fund are expressed in USD and correspond to the sum of items in the financial statements of each sub-fund, converted into USD at the exchange rate prevailing at the closing date.

Notes to the financial statements as at March 31, 2024 (continued)

c) Conversion of foreign currencies for each sub-fund

d) Valuation of assets

1) Securities and/or financial derivative instruments admitted to official listing on an official stock exchange or traded on any other organised market are valued at the last available price, unless such a price is not deemed to be representative of their fair market value;

2) Securities not listed on stock exchanges or not traded on any regulated market and securities with an official listing for which the last available price is not representative of a fair market value are valued prudently and in good faith by the Board of Directors of the Fund, on the basis of their estimated sale prices;

4) Financial derivative instruments which are not listed on a regulated market are valued in a reliable and verifiable manner on a daily basis, in accordance with market practice;

6) The units/shares of undertakings for collective investment are valued on the basis of the last known net asset value ("NAV");

In the event that the above mentioned calculation methods are inappropriate or misleading, the Board of Directors of the Fund may adjust the value of any investment or permit some other method of valuation to be used for the assets of the Fund if it considers that the circumstances justify that such adjustment or other method of valuation should be adopted to reflect more fairly the value of such investments;

For each sub-fund, securities whose value is expressed in a currency other than the reference currency of that sub-fund are converted into that reference currency at the average rate between the last available buy/sell rate in Luxembourg or, failing that, in a financial center which is most representative for those securities.

PERFORMANCE FEES

The Advisory Company may also be entitled to a performance fee, as determined below.

For the sub-fund Hereford Funds - Bin Yuan Greater China Fund:

In relation to the classes L2 and PB shares, the Advisory Company receives a performance fee, accrued on each valuation date, paid annually, based on the NAV, equivalent to such performance level of the NAV per share (measured against the high water mark) over the return of the MSCI China All Shares Net Total Return (Bloomberg ticker MXCNANM Index) calculated since the last performance fee payment.

The performance fee is calculated on the basis of the NAV after deduction of all expenses, liabilities, and advisory fees (but not performance fee), and is adjusted to take account of all subscriptions and redemptions.

The performance fee is equal to the outperformance of the NAV per share multiplied by the number of shares in circulation during the calculation period. No performance fee will be due if the NAV per share before performance fee turns out to be below the high water mark for the calculation period in question.

Hereford Funds

Notes to the financial statements as at March 31, 2024 (continued)

The high water mark is defined as the greater of the following two figures:

- The last NAV per share on which a performance fee has been paid;
- The initial NAV per share.

The high water mark may be decreased by the dividends paid to shareholders.

If the performance of the NAV per share is negative over the calculation period, no performance fee will be calculated. If the performance of the NAV per share is positive, but the performance of the Benchmark Index is negative, the calculated performance fee will be based on the minimum between (i) the absolute performance of the Net Asset Value per share and (ii) Performance Fee Level of the outperformance over the Benchmark Index.

The performance fees cannot exceed the annual performance of the NAV per share.

For the period ended March 31, 2024, the performance fees is:
